Pricing and ordering information

About us

Our business works out of Southwest Detroit and provides important job training to teenagers in the area. We work closely with Military Avenue Church in providing job opportunities to disenfranchised families. Together we help teach teenagers and young adults the importance of work ethic and how to conduct themselves in a job environment. Keeping these goals in mind, we are able to provide our services at a very competitive and affordable price.

Our Services

There are two services we offer– **custom t shirt printing** and **embroidery**. We use high-tech equipment and graphic design programs to build your custom design exactly how you like it.

Our Products

We can literally apply our customization to hundreds of products. The most common are T shirts and polos. These are the easiest orders to process.

Pricing

| Print size in sq inches | Cost |
|------------------------------|---------|
| 160 sq in 10" x 16" full | \$13.00 |
| 80 sq in 8" x 10" / 16"x5" | \$ 7.00 |
| 55 sq in 5.5" x 10" / 16"x3" | \$ 5.00 |
| 40 sq in 4" x 10" | \$ 4.00 |
| 20 sq in 4" x 5" chest logo | \$ 3.00 |

T Shirt

Add the printing cost above to a \$4 Gildan heavy cotton or 50/50 T shirt and you know your cost. There are many other options available, but these are our least expensive shirts.

Embroidery

Embroidery cost \$1 per thousand stitches. An average logo runs from 4 thousand to 6 thousand stitches.

Polo

Our Gildan G880 50/50 Polo costs \$8.50 so a finished polo with a 5 thousand stitch logo costs \$13.50. (*T shirts and polos 2xl and larger cost \$2 to \$5 more*).

Hats

Hats may be done for as little as \$7 with a 3 to 5 thousand stitch embroidered logos.
